

## PREPARE FOR TWO YEAR WAR "SUB" ATTACKS TROOP SHIP

### URUGUAY MAY BE NEXT TO BREAK

Senate Is to Vote on the Severance of Relations With Germany.

### TO FOLLOW ARGENTINA

Decision As to Latter Rests With President, Deputies Having Voted for Break by Three to One Vote.

Montevideo, Uruguay, Sept. 26.—The question of severing relations with Germany will be settled by the Uruguayan congress, which has been called in special session next Saturday to vote on the matter. This action was decided upon as the result of steps taken by the Argentine congress. The foreign minister will explain the government's plans for a break with Germany at the opening of the special session.

In President's Hands. Buenos Aires, Sept. 26.—The House of Representatives has voted in support of the Senate decision for a diplomatic break with Germany.

President Irooyen, in whose hands rests the final decision, is faced by a nation solidly united not only for a break but for immediate war. The man in the presidential chair, constitutionally a pacifist, is still holding to his announced theory that war should be avoided.

A small group of politicians supports him. The voice of the Argentine people was spoken in both branches of parliament, the votes on the rupture resolution being: Senate, 23 to 1; House, 53 to 15. Nowhere is the slightest doubt entertained that public demand will force submission by the president.

While the clamor for war is making itself heard, the country is combating the gravest labor troubles in its history. The general railroad strike threatens to throw this capital into famine by Saturday. There are symptoms of the strike spreading to the maritime workers.

Believe Argentina Will Fight.

Washington, D. C., Sept. 26.—Besides further consolidating the Americas in the war for democracy, the addition of Argentina to Germany's list of enemies would mean the partial relieving of the United States and Brazilian fleets in the patrol of the South Atlantic, even if there should not be more spectacular co-operation by sending an army to France.

Advised as they have been of the sentiment of the public in Argentina, the action of the Senate and Chamber of Deputies in voting for a rupture of relations with Germany created little surprise among officials of the State department, and it is believed here that the break will be followed by war.

Bomb Angle in Mooney Case.

Washington, Sept. 26.—President Wilson, in response to appeals from labor leaders, has asked Attorney General Gregory to look into the case of Thomas Mooney, of San Francisco, convicted of murder there in connection with a Preparedness day bomb plot. Labor leaders have appealed to the White House with the plea that Mooney has been persecuted. Without expressing any opinion, the President has referred their arguments to the legal branch of the government for investigation.

Deficit Bill Passes Senate.

Washington, Sept. 26.—Without a roll call and after brief debate the senate passed the \$8,000,000,000 war deficiency appropriation bill. Nearly \$800,000,000 was added to the measure as it came from the house and it now goes to conference.

Means Held to Grand Jury.

Concord, N. C., Sept. 26.—Gaston B. Means was held to the grand jury for the murder of Maude A. King, following preliminary hearing before Justice Pitts. He was remanded to jail without bail. He will have to answer to the charge of shooting the millionaire woman who employed him, at the lonely Black Welder spring near here the night of August 29. As the hearing was resumed, the defense announced it had decided to introduce no testimony, merely arguing the merits of the state's case.

### No Immediate Chance Revolution Overthrow Kaiser

(By United Press)

Washington, Sept. 26.—American officials believe there is no immediate chance of a revolution in Germany to overthrow the kaiser. While official advice indicates a growing discontent within the empire, particularly among the women of that country, the authorities conclude that the Germans are so used to the Kaiser's domination that no upheaval will be caused under such autocracy, and on this theory Secretaries Baker and Daniels are laying their plans for two more years of war, and meantime the vatican is waiting for America to see the light, being convinced that the kaiser cannot be overthrown and believing that the American people will not stand for such sacrifices as the allies have already made. The Holy See believes that there can be no "victorious peace" and predicts either a stalemate or world revolution. American officials declare if the Germans continue dumb to kaiserism force will eventually completely change their minds.

A national declaration of martial law is expected.

### WANT LA FOLLETTE OUSTED

Safety Board Make Demands on U. S. Senate.

Minneapolis, Sept. 26.—The Minnesota Public Safety commission in a resolution demands the expulsion of La Follette.

Federal authorities are also asked to take action under the espionage act, if warranted.

The action of the commission came when attorneys advised that the Wisconsin senator could not be arrested under Minnesota statutes, and after A. C. Townley, president of the league, and told them that La Follette broke his word.

Townley, appearing before the commission with James Manahan, told the commission that La Follette, when first asked to speak, had promised faithfully not to discuss the war. Even on the night of the meeting a committee of three men kept La Follette at his hotel long after the scheduled time for him to speak, trying to impress upon him the necessity for keeping his promise made in Washington, said Townley.

### NO WASTE OF PROFITS

United States Is Warned Against Such Danger.

Bankers' Convention Addressed by Representative of British Treasury Department.

Atlantic City, N. J., Sept. 26.—Basil P. Blackett, representative of the British treasury, speaking at the convention of the American Bankers' association, warned the American public against waste of war time profits.

He was speaking before the members of the savings bank section. It was said the theory of officials of savings banks is that purchases of war loan bonds should be made from the extra money earned by wartime conditions.

"The war must be paid for out of the new savings," Mr. Blackett insisted.

"It is not enough to say it is to be paid either out of taxation or out of the proceeds of government loan issues. For the question arises immediately, how does the nation at war manage to provide the sums required from it by the government in the form of taxes or loans?"

\$60,000,000 a Day.

"The British government is spending more than \$60,000,000 a day on the war at present. The important thing is not the number of dollars which the belligerent governments are spending, but the goods and services which they command. If the goods and services are secured, the war is being paid for.

"When people lend money to the government they provide the money needed to pay for their subscription in various ways. The best way is that they should deny themselves comforts and luxuries and instead of using their money to command goods and services for themselves, they should get out of the market for them, and hand over the power to command these goods and services to the government, which uses them for war needs.

"A second way of providing money for subscriptions to war loans is to sell securities."

Russia Needs Engines, Says Willard.

Buffalo, N. Y., Sept. 26.—"The more engines we send to Russia the fewer of our boys will be sent to France," said Daniel Willard, chairman of the council of national defense, in an address to the Grain Dealers association. Russia, he said, wants from 1,000 to 1,500 locomotives and France an equal number.

### LIBERTY LOAN BILL IS NOW LAW

President Attaches Signature to Greatest War Credit Measure Ever Authorized.

### VANDERLIP TO ASSIST

President of National City Bank to Give Entire Time to Government in Helping Secretary McAdoo.

Washington, Sept. 26.—President Wilson has signed the \$11,000,000,000 war bond measure and it is now a law. The bond bill—largest war credit ever authorized at one time—will raise \$4,000,000,000 for new loans to the Allies at 4 per cent and \$3,000,000,000 to take up the old 3½ per cent allied loans.

Two billion dollars each will be issued in treasury certificates of indebtedness running one year and in war saving certificates running five years. The latter may be purchased by small investors in denominations as low as \$4.10, such a certificate bringing in \$5 at maturity.

The bond law also provides \$538,945,460 for the Danish West Indies, Alaskan government railway, Panama canal and naval construction.

Vanderlip to Assist.

Frank A. Vanderlip, who as president of the National City bank of New York, heads the largest national bank in the United States, has severed his connection with that institution and all other organizations with which he is identified for the period of the war to assist Secretary W. S. McAdoo in Liberty Loan finance, Washington dispatches announce.

### SEATTLE SHIPMEN TO STRIKE

Twelve Thousand Men Ordered Out Next Sunday.

Seattle, Wash., Sept. 26.—A strike at 10 o'clock Sunday morning of 12,000 members of the fifteen metal trades unions employed in Seattle shipyards and allied shops has been ordered by the Seattle Metal Trades council. Three big steel shipyards, about sixteen wooden shipyards and forty contract shops will be affected.

Receipt of telegrams from President Wilson and Samuel Gompers, president of the American Federation of Labor, urging no precipitate action, gave hope that a walkout might be averted. This vanished, however, when it was announced that the President was planning to have the controversy settled by the wage adjustment committee of the United States shipping board.

The council's business agent took the position that the government had hopelessly misunderstood the Seattle situation in attempting to link it with the situations in San Francisco and Portland, and that further attempts to postpone the walkout would be useless.

AIR HERO THOUGHT DEAD

Guynemer, Foremost French Avi-

Had Accounted for Fifty-two Enemy  
Machines—Sergeant MacMonagle,  
American Airman, Shot Down.

Paris, Sept. 23.—The famous French  
aviator, Captain George Guynemer, is  
believed to be dead.

Death of Sergeant Douglas MacMon-  
agle of the Lafayette escadrille, in an  
air combat over Verdun region, has  
been confirmed. He was shot down.  
His mother lives in San Francisco.

Fiftieth Victory Cited.

Captain Guynemer, perhaps the most  
brilliant aviator of the war, was cited  
last in the official French announce-  
ment Sept. 10 for having won his 50th  
aerial victory. An unofficial press dis-  
patch, a few days earlier, said he had  
accounted for 52 enemy machines. He  
was 24 years old.

Only a little more than two years  
ago, Captain Guynemer was a simple  
soldier. Joining the aviation corps,  
he rose rapidly in rank until he at-  
tained the grade of captain.

COAL MINERS DEMAND RAISE

Want 20 to 70 Per Cent Increase in  
Their Wages.

Washington, Sept. 26.—Immediate  
wage increase of from 20 to 70 per  
cent was demanded by the country's  
coal miners. It is announced, after a  
preliminary meeting of operators and  
miners' representatives of the central  
competitive field in Washington to dis-  
cuss a general wage readjustment.  
The demands will be presented at a  
joint meeting. There is every indica-  
tion the mine owners will refuse flatly  
to meet them; first, on the grounds  
that they are too high, and second that  
the recent fixing of coal prices by  
President Wilson will not permit of  
any increase.

HAVE DARK HAIR  
AND LOOK YOUNG

Nobody can Tell when you  
Darken Gray, Faded Hair  
with Sage Tea.

Grandmother kept her hair beautifully  
darkened, glossy and attractive with a  
brew of Sage Tea and Sulphur. When-  
ever her hair took on that dull, faded or  
streaked appearance, this simple mixture  
was applied with wonderful effect. By  
asking at any drug store for "Wyeth's  
Sage and Sulphur Compound," you will  
get a large bottle of this old-time recipe,  
improved by the addition of other ingredi-  
ents, all ready to use, for about 50 cents.  
This simple mixture can be depended  
upon to restore natural color and beauty  
to the hair.

A well-known downtown druggist says  
everybody uses Wyeth's Sage and Sul-  
phur Compound now because it darkens  
so naturally and evenly that nobody can  
tell it has been applied—it's so easy to  
use, too. You simply dampen a comb or  
soft brush and draw it through your hair,  
taking one strand at a time. By morning  
the gray hair disappears; after another  
application or two, it is restored to its  
natural color and looks glossy, soft and  
beautiful. This preparation is a light-  
ful toilet requisite. It is not intended for  
the cure, mitigation or prevention of dis-  
ease.

### BAZAAR FOR COMFORT KITS

Red Cross Committee in Charge of  
Same to be Given at Chamber of  
Commerce Sept. 28

PROMISES TO BE HUGE SUCCESS

Booths Having Cakes, Etc., for Sale,  
Fancy Work, Candies, Pickles,  
Conserves

The bazaar to be given by the Red  
Cross Comfort Kit committee at the  
Chamber of Commerce rooms, on Fri-  
day night, September 28, promises to  
be a huge success. The members of  
the committee are working hard and  
trust that a big gathering will re-  
spond to their efforts.

Cakes, pies, bread and rolls will  
be on sale at one booth; another  
booth will contain all kinds of home-  
made jellies, ice-water, Russian, mus-  
tard and other pickles, preserves, etc.;  
there will be a fancy-work booth,  
which may help you with your Christ-  
mas shopping; a booth where you  
may have your fortune told; the girls  
of Northeast Brainerd are contribut-  
ing to a home-made candy booth  
which will be in charge of Miss Eliza-  
beth Crust, and the Southeast Brainerd  
girls are contributing useful arti-  
cles which every housewife should  
have, and last but not least there  
will be a fish pond for the big and  
little children.

All articles will be priced reason-  
ably and the wise housewife will  
be there. A cordial invitation is ex-  
tended to everyone. The money made  
will be used in buying material and  
supplies for the comfort kits. If you  
don't buy anything, come out, get  
acquainted, and find out what the  
Comfort Kit Committee is doing to  
add a little to the comfort of our  
soldier boys.

#### Has Recovered Her Health

So many women suffer from similar  
afflictions that this testimonial from  
Mrs. Laura Beall, Plattsburg, Miss.,  
will be read with interest: "I got  
in bad health. My left side hurt all  
the time. I took doctor's medicine,  
but it did me no good. I took two  
bottles of Foley Kidney Pills and I  
feel all right now." H. P. Dunn,  
druggist.—Advrt.

color—brown in many shades.

### ECONOMICAL RECIPES GIVEN

Hoover has said a great deal about  
the conservation of certain foods, and  
we will continue to hear a great deal  
about the subject. Let the people  
fall in line early and help to con-  
serve the wheat, meat and sugar by  
the use of the following receipts,  
which have been tested and given  
out for our benefit:

#### Sheese Fondue

1 cup scalded milk  
1 cup soft stale bread crumbs  
1/4 lb. milk cheese (3-4 grated)  
1 tablespoon fat  
1/2 teaspoon salt  
3 eggs.  
Mix first five ingredients. Add  
yolks of eggs beaten thoroughly. Cut  
and fold in stiffly beaten whites of  
eggs. Pour in to oiled baking dish.  
Bake about 20 minutes in a moderate  
oven.

#### Nut and Cheese Loaf

1 cup grated cheese  
1 cup chopped walnuts  
1 cup dry bread crumbs  
2 tablespoons chopped onions  
1 tablespoon butter  
2 tablespoons lemon juice  
1 1/2 teaspoons salt  
1-8 teaspoon pepper.

Water.  
Mix ingredients, using enough  
water to hold mixture together. Place  
in an oiled bread pan or in a pan  
lined with wax paper. Bake in a  
moderate oven about 45 minutes.

#### Oatmeal Muffins—No. 1.

1/2 cup milk  
1 egg  
2 tablespoons fat  
1 cup cooked rolled oats  
1 1/2 cup flour  
4 teaspoons baking powder  
2 tablespoons sugar  
1/2 teaspoon salt.

The rolled oats are cooked in twice  
their volume of water for an hour or  
more. Mix the milk, rolled oats, egg  
and melted fat. Add dry ingredients  
which have been sifted together.

#### Oatmeal Muffins—No. 2

1 1/2 cups milk  
1 egg  
2 tablespoons fat  
2 tablespoons sugar  
1 teaspoon salt  
2 cups rolled oats  
1 cup flour  
4 teaspoons baking powder  
Pour milk over oats and let soak  
1/2 hour, add eggs and melted fat, add  
to dry ingredients which have been  
sifted together. Bake 25 to 30 min-  
utes.

#### Opportunities For Older Men

Because of the war many positions  
formerly filled by young men are open  
to older men. A man's kidneys may  
make him unfit for hard labor or  
clear thinking, may make him old  
before his time, for poisons retained  
in the system "slow him up" physi-  
cally and mentally. Foley Kidney  
Pills tone up weak, disordered kid-  
neys. H. P. Dunn, druggist.—Advrt.

#### Sunday to Boost Liberty Loan.

Washington, Sept. 26.—Billy Sunday  
will shout and fight and pray for the

geles, where he is trouncing Satan  
the evangelist telegraphed to Secre-  
tary William G. McAdoo pledging his  
aid to the coming campaign. The  
treasury department gladly accepted.

#### Six Draft Obstructors Guilty.

San Francisco, Sept. 26.—A verdict  
of guilty in the cases of Daniel O'Con-  
nell, an attorney, and five other men,  
accused of conspiracy to hamper en-  
forcement of the selective draft law,  
was returned here by a jury in the  
United States district court.

#### French Canal Builder Honored.

Paris, Sept. 26.—Major Philippe  
Bunau-Varilla, at one time general  
manager of the old French Panama  
Canal company, who is serving as a  
major of engineers during the war,  
has been commended by General Pe-  
tain in general orders for his splen-  
did services in the reorganization of  
French positions during the recent  
Verdun fighting. Major Bunau-Varilla  
was wounded at Verdun Sept. 3. He  
recently received the decoration of  
the Legion of Honor with the rank of  
commander.

### THE TRAINMEN MAY OBJECT

Draft is Taking Many Brakemen from  
the Employ of Railways and  
Substitutes Needed

Spokane, Sept. 25.—"If necessary,  
we can use women in the passenger  
braking service."

This statement from Trainmaster  
Douglas of the Northern Pacific divi-  
sion at Pasco is causing considerable  
discussion in the ranks of trainmen.

The Brotherhood of Railway Train-  
men and members of other brother-  
hoods have been trying to get in-  
formation concerning the plans and  
will present to the meetings of the  
locals a letter from B. B. Johnson,  
who handles grievance matters for  
the road.

The comment from Trainmaster  
Douglas follows a request from Har-  
ley Croxton, brakeman, asking for an  
affidavit for his appeal for exemption  
from draft. Croxton was refused,  
and the intimation was left that the  
Northern Pacific would consider that  
brakemen are not necessary to the  
maintenance of the industry or the  
prosecution of the war.

Superintendent J. L. DeForce of  
Spokane says no addition to the work-  
ing force of women is contemplated.  
Last spring many were put on wip-  
ing engines and cleaning coaches. It  
is expected the trainmen's brother-  
hood will protest strongly if women  
are prepared for their jobs.

## MARKET SALES ARE INCREASING

Sales at the Brainerd public mar-  
ket are daily increasing and on last  
Tuesday reached the highest point,  
\$160. The market was well patron-

Chamber of Commerce market day.

Housewives of outside towns are  
becoming interested in the market  
and orders are being received from  
St. Paul, Minneapolis, Duluth, Su-  
perior, Proctor, etc. The Ransford  
hotel bought \$49 worth of vegetables  
in one day.

## TO FRANCE IN EARLY SPRING

Drafted Men Now in Camp Slated for  
Europe Soon.

Washington, Sept. 26.—Plans are now in preparation at the War department to have a large proportion of the drafted men now entering training camps in France by early spring. It is proposed to give the men rudiments of military duty and then transport them to the American base in France. There they will be put through a course of intensive training. By these means it is believed they will open the way to the training of additional hundreds of thousands to be secured through a second draft.

The second call will be much sooner than has generally been believed, it is intimated. This is largely the reason why the War department is proceeding with immediate examination of 7,000,000 registered men not yet called.

It is no violation of the spirit of the censorship to state it is hoped to remove 150,000 to 200,000 of the drafted men to France to complete training. It is hoped in some quarters this can be done before the end of April.

Every American knows the causes of our war with the German Government. Yet this course would be incomplete if it did not contain a brief review of the events that finally forced us into the war, when at last there remained "no other means of defending our rights."

The soldier of an autocratic Kaiser may fight best when he understands least of the true meaning of the war. To tell him the facts would be to chill his enthusiasm. But the citizen soldier of a democracy is entitled to know for what purposes he enters the struggle. He fights best when he sees most clearly why he fights.

The resolution of Congress declaring a state of war (April 6, 1917) expresses the immediate cause in these few words:

"The Imperial German Government has committed repeated acts of war against the Government and the people of the United States of America."

Chief among the acts of war were attacks by German submarines on American ships and on unarmed merchant ships of other nations carrying American passengers. "Vessels of every kind," said the President in his address to Congress on April 2, 1917, "whatever their flag, their character, their cargo, their destination, their errand, have been ruthlessly sent to the bottom without warning and without thought of help or mercy for those on board, the vessels of friendly neutrals along with those of belligerents. Even hospital ships and ships carrying relief to the sorely bereaved and stricken people of Belgium, though the latter were provided with safe conduct through the prescribed areas by the German government itself and were distinguished by unmistakable marks of identity, have been sunk with the same reckless lack of compassion or of principle." The present German submarine warfare against commerce is a warfare against mankind.

German Insults and Aggressions There were other acts of hostility in addition to the submarine warfare. In his Flag Day address delivered at Washington on June 14, 1917, the President summed up the events that brought on war as follows:

"It is plain enough how we were forced into the war. The extraordinary insults and aggressions of the Imperial German Government left us no self-respecting choice but to take up arms in defense of our rights as a free people and of our honor as a sovereign Government. The military masters of Germany denied us the right to be neutral. They filled our unsuspecting communities with vicious spies and conspirators and sought to corrupt the opinion of our people in their own behalf. When they found that they could not do that, their agents diligently spread sedition amongst us and sought to draw our own citizens from their allegiance—and some of those agents were men connected with the official embassy of the German Government itself here in our Capital. They sought by violence to destroy our industries and arrest our commerce. They tried to incite Mexico to take up arms against us and draw Japan into a hostile alliance with her—and that, not by indirection, but by suggestion from the foreign office in Berlin. They impudently denied us the use of the high seas and repeatedly evoked their threat that they would send to their death any of our people

who ventured to approach the coasts of Europe."

Our Liberty and Safety Involved Yet even this list of "extraordinary insults and aggressions" does not tell the whole story. Our motives for war go even deeper. Not only our rights and self-respect, but our liberty and safety, are involved. Speaking on July 29, 1917, at the officers' training camp at Madison Barracks, N. Y., the Secretary of State said:

"The evil character of the German Government is laid bare before the world. We know now that that Government is inspired with ambitions which menace human liberty, and that to gain its end it does not hesitate to break faith, to violate the most sacred rights, or to perpetrate intolerable acts of inhumanity." Let us understand once and for all that this is no war to establish an abstract principle of right. It is a war in which the future of the United States is at stake.

The record out of which grows our deep conviction that it is necessary at once to put a curb on so powerful and unscrupulous an enemy is set forth in an official publication "How the War Came to America."

"Judging the German Government now in the light of our honest attempt to keep the peace, we could see the great autocracy and read her record through the war. And we found that record damnable."

With a fanatical faith in the destiny of German Kultur as the system that must rule the world, the Imperial Government's actions have through years of boasting, double dealing, and deceit tended toward aggression upon the rights of others. And if there still be any doubt as to which nation began this war, there can be no uncertainty as to which one was most prepared, most exultant at the chance, and ready instantly to march upon other nations—even those who had given no offense. The wholesale depredations and hideous atrocities in Belgium and in Serbia were doubtless part and parcel with the Imperial Government's purpose to terrorize small nations into abject submission for generations to come. But in this autocracy has been blind.

For its record in those countries, and in Poland and in northern France, has given not only to the allies but to liberal peoples throughout the world the conviction that this menace to human liberties must be utterly shorn of its power for harm.

"For the evil it has effected has ranged far out of Europe—out upon the open seas, where its submarines in defiance of law and the concepts of humanity have blown up neutral vessels and covered the waves with the dead and the dying, men and women and children alike. Its agents have conspired against the peace of neutral nations everywhere, sowing the seeds of dissension, ceaselessly endeavoring by tortuous methods of deceit, of bribery, false promises, and intimidation, to stir up brother nations one against the other, in order that the liberal world might not be able to unite, in order that the autocracy might emerge from the war."

"All this we know from our own experience with the Imperial Government. As they have dealt with Europe, so have they dealt with us and with all mankind. And so out of these years the conviction has grown that until the German Nation is divested of such, democracy can not be safe."

Not Hostile to German People One thought which you should keep always in mind is the clear distinction between our attitude toward the Imperial German Government and our attitude toward the German people. The President said in his speech of June 14, 1917:

"We are not the enemies of the German people and they are not our enemies. They did not originate or desire this hideous war or wish that we should be drawn into it; and we are vaguely conscious that we are fighting their cause, as they will some day see it, as well as our own. They are themselves in the grip of the same sinister power that has now at last stretched its ugly talons out and drawn blood from us."

Every American soldier in this war fights for objects dearer to all of us than life itself—for freedom, and

Washington, Sept. 26.—The federal reserve board has taken steps to abolish long time credits in this country during the war to keep the financial resources of the country in a more liquid condition. Hereafter the federal reserve banks will not rediscount commercial paper that has more than 90 days to run, except in the case of agricultural paper.

Fine Potatoes Raised at Twin Oaks  
Farm by J. C. Barber, Thrashing  
Yields Good Too

Twenty-two acres are in this kind of potatoes, which thrive in land which has been worked continuously for the past 25 years. The soil, however, is kept richly manured.

Threshing of oats, barley and wheat resulted in good yields. Of hay Mr. Barber cut 200 tons.

SMOKES FOR SOLDIERS  
By Gelett Burgess

Whenever you're throwing your butt away,  
Whenever you're lighting a new one,  
Just think of the fellows that sailed away  
And how you would like it, if you were they,  
And someone at home sent YOU one!

You finish the package, the devil you care!  
There are shops—and you've got the money.  
It's a diamond sight different "Over There."  
It's a d—long journey to God knows where,  
Yet THEY fight and YOU don't! That's funny.

For a War is a mixture of various Hells  
From vermin and rats to stench; But it isn't damnable German shells,  
Nor the mud or the blood or the gas that tells  
The most on the men in the trenches.

It's the ice cold nights without ever a smoke—  
It's the fire hot days that are meaner;  
And a hospital ward ain't so much of a joke  
And there's only one thing that can always provoke  
A smile—that's Miss Nicotina!

Did you ever refuse him a cigaret  
When your pal hadn't any? I doubt it.  
TODAY YOU HAVE THOUSANDS OF PALMS! And yet  
Tobacco is scarce at the Front. I'll bet  
You'll see they're not going without it!

The Daily Dispatch Tobacco  
Fund for Soldiers

## QUARTER BUYS 55 CENTS WORTH

Donating to Fund are Men, Women  
and Children Anxious to See  
Boys Kept in Comfort

Quarters, dollars and larger contributions continue to pour into the Brainerd Daily Dispatch Tobacco Fund and the amount has now passed the \$50 mark, thus giving over 200 tobacco kits to the soldiers in France.

Each quarter contributed to The Daily Dispatch Tobacco Fund does full duty and makes a man in the trenches happy. The package will also contain an addressed postal card on which the soldier may acknowledge the gift.

Here's what each quarter buys:  
2 Packages of Lucky Strike Cigarettes, retail price .30  
3 Packages of Bull Durham Cigarettes, retail price .15  
3 Books Bull Durham Cigarette papers......10  
1 Tin of Tuxedo Tobacco, retail price......10  
4 Books of Tuxedo Cigarette papers......55

P. M. Zakariasen, who has a nice farm in the outskirts of Brainerd, was glad to give his dollar. The publication of the Tobacco Fund story in the Weekly Dispatch will bring added contributions from the vicinity of Brainerd.

Little Jackie Kylo, age 4 years, came in with his aunt and reached up to the desk and deposited his quarter. "It's to buy some tobacco for the soldiers," said the youthful Mr. Kylo.

Robert Campbell, city engineer of Brainerd, gave a dollar and said he thought the tobacco fund a good proposition.

Oscar W. Swanson gave 50 cents and said said one smoker should help the other.

John Kolaa of the Olympia Candy Kitchen said a fighting man who smoked was a better man when supplied with his favorite tobacco.

Mrs. R. J. Hartley contributed \$1 and was the fourth lady to help the fund along.

These verses are very appropriate and are added to the smoke column:

The lunch to the business girls was one of the features of yesterday's program in the tabernacle campaign. The women of the different churches provided supper for the girls who work and who might find it hard to go to their homes and be back for the evening meeting. The lunch was served in the dining rooms of the Methodist church and about one hundred fifty girls were present.

After the lunch Mrs. Bromley, Miss McCague and Mr. Shaddock entertained the guests with songs and speeches. They then adjourned in a body to the tabernacle where they were greeted with cheers.

Dr. Bromley made a few remarks in their behalf, speaking of the pride any business or professional girl should have in the fact of earning a livelihood. He told a number of humorous stories and thereby pointed a moral. The lunch will be repeated next Tuesday and all business girls are invited to be present.

After the evening service last night many of the officers of the various churches met with Dr. Bromley on the platform and listened to his words relating to the welfare of the churches in and after this campaign. Mr. Shaddock emphasized the meeting for women Saturday afternoon and the one for men Sunday afternoon. He said that if there was a large number of men and women present to hear these respective addresses it would insure the success of the campaign.

The whole evangelistic party are of one mind in speaking of these sermons as the high water mark of the efforts of the evangelist. Preparations are now being made to get all to come to the tabernacle for these two afternoon lectures.

The junior chorus will not meet this afternoon at four o'clock as was the first intention but will meet on Thursday afternoon at four. This change was made necessary by Mr. Wieland going away from the city and the uncertainty of his return by Wednesday afternoon.

Miss McCague lead the chorus last evening and the special musical number was furnished by Miss Selma Johnson and Mrs. George Berggreen. They sang in a very delightful manner the duet, "Abide With Me."

Attention is called to the afternoon meeting at 2:30 o'clock. These are now being held each afternoon and will become one of the valuable features of the series.

The text last night was from Isaiah fifty-five seven, "Let the wicked forsake his way and the unrighteous man his thoughts and let him return unto the Lord and He will have mercy upon him, and to our God for He will abundantly pardon."

Man is not wicked because he commits murder but he commits murder because he is wicked. If sin did not first exist in the heart there would be no expression of it in evil ways. When a man is saved he is not only saved from sin but he is saved to righteousness. This puts him in the way of ridding his soul from sin and the expression of his heart is no longer evil acts but good.

There is a wrong idea about wickedness. It is too often thought to consist of gross offenses against society or against God. Wickedness is that which is inherent and manifests itself in that greatest of all wickedness the rejection of God's plan of salvation. His proffered mercy, and the denial of the blood or atonement of Christ. This is the consummation of wickedness and from this all other forms of evil spring—it is the fountain head of all.

There is a fatherhood of the devil as well as a fatherhood of God. Christ said: "Ye are of your father the devil and the lusts of your father ye will do." If any man is not in the kingdom of God he must necessarily be within the kingdom of the devil. It was the work of Christ to pull men out from this latter, horrible estate and lift him into the kingdom of grace. By this God manifested His love for He was not willing that man should perish but have everlasting life.

No man can be a servant of God and the devil. He must either deny the one or the other; he must either serve one or the other; he cannot have two masters; it is either God or the devil for every soul.

There is no freedom like that which is in Christ "Stand fast in the liberty wherewith God hath made you free." Get a religion that will make you happy and free you from the kingdom of fetters and cares. God asks you to give up sin. He stands for the highest interest of your soul. When the preacher goes after your sins he is not attacking you but the enemy within you.

The devil asks you to give up your best friends; God asks you to give up your worst enemies. Martin Luther got a vision of what he might become if he followed out the higher path marked out for the progress of the soul. He counted the cost, paid the price, found the new birth and became one of the greatest souls of all time.

Luther found that he was a member of the church but without God. When he awoke to this knowledge he set out in search of God and found Him. John Wesley was a member of the church yet he was unconverted till returning from a missionary tour to America he came to salvation on his journey home. When he found God the joy came and it filled him with a wondrous joy and power.

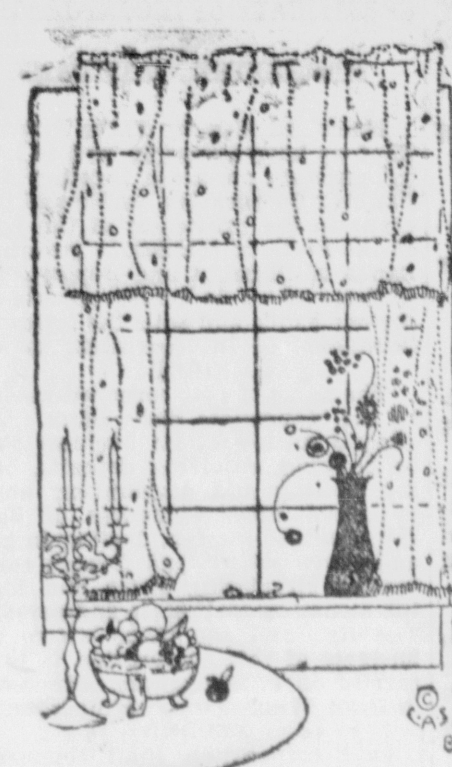

The way of God Almighty is the best way and it is secured by faith not by reformation. The church member needs to get right with God as well as the one who never saw the face of a church building. No man can get right with God without Christ; no one can be saved without the blood of the Lord Jesus applied to his heart.

## SEAMEN VOTE STRIKE

## Great Lakes Union Announces Result of Ballot.

Extension of "Atlantic Agreement" Demanded—Tie-up of Coal Shipments Oct. 1 Feared.

Chicago, Sept. 26.—The lake seamen, numbering 20,000 members, have voted to strike.

The two weeks mail vote closed at midnight Monday, and Victor Olander, secretary of the union, declared the vote was practically unanimous in favor of the strike.

To Seek Agreement. Olander and other union officials are expected to make one more effort to effect an agreement with the lake carriers association before the strike becomes effective Oct. 1.

"Our demand is the extension of the 'Atlantic agreement' to the Great Lakes. In the manner recommended by the Washington conference Aug. 1, which was approved by the government," said Olander.

"We believe the Great Lakes should be used in training men for merchant ships which ply in the war zone. This was the purpose of the Washington conference. Under existing conditions young men on the Great Lakes are not given the opportunity to become able seamen. As a result thousands quit the boats annually in disgust."

May Halt Coal Shipments. If the men walk out, freight traffic on the Great Lakes would be practically paralyzed. Coal shipments now being rushed to the head of the lakes would be halted, it is feared, at a time when efforts are being made to overcome the shortage. About 4,000 seamen, 4,000 firemen and 2,000 cooks are affected by the strike. Passenger line owners express their willingness for conciliation.

Autopsy Is Performed. New York, Sept. 26.—The autopsy upon the body of Mrs. Robert Bingham, who, before her marriage was Mrs. Henry M. Flagler, was performed at Wilmington, N. C., by Dr. Charles Norris. It was stated at Bellevue hospital. Vital organs taken from Mrs. Bingham's body are being subjected to tests at the laboratories. Final results of the tests will not be known for several days. It was stated, as the chemical nature of the examinations require some time.

## WHEAT COMES FROM CANADA

Much Grain to Be Shipped in Unless Farmers Sell.

Minneapolis, Sept. 26.—Half a million bushels of Canadian wheat has just been purchased by Frank L. Carey, local buyer for the government Food Administration Grain corporation, to come to Minneapolis. This purchase is to bridge over a temporary shortage at the mills, and was made to fulfill an obligation on the part of the food administration.

The 500,000 bushels just purchased is the first of what will be a large movement from Canada, unless supplies from Minnesota and Dakota farms increase materially in the near future.

## SOLONS MAY VISIT FRANCE

Sending of Congressional Committee Is Urged.

Washington, Sept. 26.—Congressman Pat Norton of North Dakota made a speech in Congress advocating the sending of a joint congressional committee to France as the guest of the French government to visit the battle lines. Mr. Norton urged that this would give the congressmen a better idea of actual war conditions and they could return and tell their people about them, bringing about increased interest in the war. Mr. Norton has not given up his idea of calling Congressman Heflin to account for his unproven charges in connection with the Bernstein "slush fund."
